The board (the “**Board**”) of directors (the “**Directors**”) of the Company would like to inform the shareholders of the Company (the “**Shareholders**”) and potential investors that, based on information currently available to the Board, the Group is expected to record an increase in profit and total comprehensive income for the six months ended 30 September 2015 by approximately 130%, as compared to the corresponding period in 2014. The surge was mainly due to increase in gross profit margin as a result of recovery of costs in relation to certain works completed during the year ended 31 March 2015 where revenue had not been previously recognised because customer’s certification was pending. The negotiations with customer for certification has been finalised and the customer has accepted and agreed to pay in late October 2015.

As the Company is still in the course of preparing the interim results for the six months ended 30 September 2015, the information contained in this announcement is only based on the preliminary draft unaudited management accounts of the Group for the six months ended 30 September 2015 which have yet to be confirmed. The unaudited consolidated interim results of the Group for the six months ended 30 September 2015 are expected to be announced before 15 November 2015.

Shareholders and potential investors of the Company are advised to exercise caution when dealing in the shares of the Company.
